Billionaires statistics Dataset 2023

Billionaires Statistics Dataset (2023)

Exploring the Global Landscape of Success

k kaggle.com

Cleaning and pre-processing procedures:

- We should delete 17 columns to ensure a suitable visualization and avoid redundancy.

- We should delete the "null" values, but we think that some "null" values are too important, so we want to manually add them.

- We shall also check if the data's types are correct.
